RULE 1. The President shall take the chair precisely at the hour appointed, and, on the appearance of a quorum, proceed to business.

RULE 2. He shall preserve decorum and order; may speak to points of order in preference to other members; and shall decide all questions of order, subject to an appeal to the Council by any member; and no other business shall be in order till the question on the appeal shall have been decided.

RULE 3. He shall declare all votes; but if a vote be doubted, it shall be made certain by a return of the members voting in the affirmative and in the negative, without debate.

RULE 4. In all cases the President may vote, but shall not be required to do so, unless the Council is equally divided, or unless his vote, if given to the minority, would render the division equal.

RULE 5. When the Council shall go into committee of the whole, the President shall appoint the member to take the chair. The President may at any time call a

member to the chair; but such substitution shall not continue beyond an adjournment. He may leave the chair to participate in debate, but shall not resume it while the same question is pending.

Rule 6. After a motion is stated by the President, it shall be deemed to be in possession of the Council, and shall be disposed of by vote; but the mover may withdraw it at any time before decision or amendment, except a motion to reconsider, which shall not be withdrawn after the time has elapsed within which it could be originally made.

Rule 7. When a question is under debate, the President shall receive no motion but to adjourn, to lay on the table, for the previous question, to postpone to a day certain, to commit, to amend, or to postpone indefinitely; which several motions shall have precedence in the order in which they stand arranged, the first two to be decided without debate, as also shall a motion to take from the table, and for the yeas and nays; and a motion to strike out the enacting clause of an ordinance shall be equivalent to a motion to postpone indefinitely.

Rule 8. The previous question shall be put in the following form: "*Shall the main question be now put?*" and, if carried, shall put an end to all debate, and shall bring the Council to a direct vote, first upon amendments reported by a committee, then upon pending amendments, and then upon the main question.

Rule 9. In naming sums and fixing times, the vote upon the largest sum and longest time shall be first taken.

Rule 10. All incidental questions of order, arising after a motion is made for the previous question, shall be decided without debate, except an appeal; on which no member shall speak more than once without leave of the Council.

Rule 11. All committees shall be appointed and announced by the President, unless otherwise provided for, or specially directed by the Council.

RIGHTS, DUTIES, AND DECORUM OF MEMBERS.

Rule 12. In the absence of the President, the senior member present shall call the Council to order, and preside until a President, *pro tempore*, shall be chosen by ballot; and if an election is not effected on the first trial, on a second ballot a plurality shall elect.

Rule 13. Any member, when about to speak, shall rise and address the President; shall confine himself to the question, and avoid personalities.

Rule 14. No member speaking shall be interrupted by another, but by rising to call to order, or to correct a mistake.

Rule 15. Every motion shall be reduced to writing, if the President or any member request it.

Rule 16. No member shall speak more than twice on any question, without leave of the Council; nor more than once until all other members choosing to speak shall have spoken.

Rule 17. When a vote has passed, it shall be in or-

der for any member of the majority to move a reconsideration thereof, at the same meeting, or at the succeeding meeting, if notice of an intention so to do shall be given at the same meeting, which notice shall preclude a motion for present reconsideration, and when a motion for reconsideration is decided, that decision shall not be reconsidered.

Rule 18. When a member shall be guilty of a breach of either of the rules and orders of the Council, he may, by vote, be required to make satisfaction therefor; and in such case he shall not be allowed to vote or speak, except by way of excuse, till he has done so.

Rule 19. No member shall vote or serve on any committee on any question where his private right is immediately concerned, distinct from the public interest.

Rule 20. Every member who shall be present when a question is put, where he is not excluded by interest, shall vote, unless the Council, for special reasons, excuse him; application to be so excused must be made before the Council is divided, or before the calling of the yeas and nays, and shall be decided without debate.

Rule 21. The yeas and nays may be ordered on any question, if required by one-fifth of the members present.

Rule 22. Any member may require the division of a question, when the sense will admit of it. A motion to strike out and insert shall be deemed indivisible; but a motion to strike out being lost, shall not preclude amendment, or a motion to strike out and insert.

Rule 23. No motion or proposition upon a subject different from that under consideration shall be admitted under color of amendment.

Rule 24. At every regular meeting of the Council, the order of business shall be as follows: —

1. Presentation of Petitions, Remonstrances and Memorials.
2. Papers from the Board of Aldermen.
3. Communications and Reports from City Officers.
4. Reports of Committees.
5. Unfinished business of preceding meetings.
6. Motions, Orders, and Resolutions.

And the above order shall not be departed from but by the votes of a majority of the members present. All questions relating to the priority of business to be acted upon shall be decided without debate.

Rule 25. When a motion is made to refer any subject, and different committees are proposed, the question shall be taken in the following order:—

A Standing Committee of the Council.

A Select Committee of the Council.

A Joint Standing Committee.

A Joint Select Committee.

Rule 26. The seats of the members of the Council shall be numbered, and determined by lot.

Rule 27. No member shall call another member by his name in debate, but may allude to him by any intelligible and respectful designation.

Rule 28. No standing rule or order of the Council

shall be suspended, unless two-thirds of the members present consent thereto; nor shall any rule or order be repealed or amended without notice being given of the motion therefor at the preceding meeting, nor unless a majority of the whole Council concur therein.

PETITIONS, MEMORIALS, ETC.

Rule 29. All papers addressed to the Council shall be presented by the President, or a member in his place, who shall explain the subject thereof; and they shall lie on the table, to be taken up in the order in which they are presented, except the Council otherwise direct.

POWERS AND DUTIES OF COMMITTEES, ETC.

Rule 30. The rules of proceeding in the Council shall be observed in committee of the whole, so far as they are applicable, excepting the rule limiting the times of speaking; but no member shall speak twice upon any question until every member choosing to speak shall have spoken.

Rule 31. Standing committees on elections and returns, and on enrolment, shall be appointed, each to consist of three members.

Rule 32. No committee shall sit during the sessions of the Council without special leave.

Rule 33. All committees of the Council chosen by ballot, whether joint or otherwise, or consisting of one or more from each ward, shall be notified of their first

meeting by the Clerk, by the direction of the President, and they shall organize by the choice of chairman, and report the same to the Council. In all cases where the President appoints a committee, unless otherwise provided for, the member first named shall be chairman, and in his absence the committee may appoint a chairman *pro tempore.*

Rule 34. No report of any committee shall be entitled to be received, except minority reports, unless agreed to in committee assembled, and be made in writing.

Rule 35. It shall be the duty of all standing committees to keep a record of their doings, in books provided by the city for that purpose, which record shall be open to the inspection of any member of the Council.

Rule 36. Committees of the Council to whom any matter is specially referred, may be required to report within four weeks, or ask for further time.

ORDINANCES, ORDERS, ETC.

Rule 37. All ordinances, orders, and resolutions, shall have two several readings before they are finally passed: and no ordinance, order, or resolution imposing penalties, or authorizing the expenditure of money (except for printing), and no order or resolution authorizing a loan, shall have more than one reading on the same day. And when any order or resolve shall have been finally rejected, no other, substantially the same, shall be intro-

duced by any committee or member during the same session.

ELECTIONS, ETC.

Rule 38. In all elections by ballot, on the part of the Council, the number of blanks and ballots for ineligible persons shall be reported, but shall not be counted in the returns, except in cases where the Council have only a negative upon nominations made by the Mayor and Aldermen.

Rule 39. All salary officers shall be voted for by ballot. In all elections by ballot, a time shall be assigned for such elections, at least one day previous thereto.

DUTIES OF CLERK, ETC.

Rule 40. The Clerk shall keep minutes of the votes and proceedings of the Council; enter thereon such orders and resolutions as are adopted; keep a record of absentees at each meeting; shall notice reports, petitions, memorials, and other papers which are presented; and shall enter all accepted reports of select committees of the Council, at length, in a separate journal, to be kept for that purpose, and provided with an index; shall draw up all messages to the Board of Mayor and Aldermen, and send them by the messenger, when not sent by a member of the Common Council.

Rule 41. In the absence of the clerk, the Council shall elect a clerk, *pro tempore*, by ballot.

INSTRUCTIONS TO WARD OFFICERS.

[See Sections 4 and 18, City Charter, Chap. 7, Gen. Statutes. Also Chap. 144, Acts of 1863.]

The Warden, if present, will call the meeting to order at the appointed time, and cause the Warrant to be read.

If the Ward officers are not all present, fill the vacancies before opening the polls for State or City officers. Let the Clerk examine his records and be sure that the officers present, as well as those elected to fill vacancies, are sworn.

The Warden's duty, in relation to persons claiming the right to vote, is set forth in Chapter 144, named above.

It is the duty of the Clerk to keep the records, and they *should be signed by him only*, and not by the Warden and Inspectors.

The Warden, Inspectors, and Clerk must sign the returns to the City Clerk.

The Warrant calling the meeting, and the officers' return thereon, should be first copied on the book and certified as true copies, thus, "A true copy, "Attest: ——— ——— Clerk."

Then proceed with the record, thus: —

"Pursuant to the foregoing Warrant, the inhabitants of Ward No——, qualified to vote, assembled at the time and place and for the purpose therein expressed, and at o'clock A. M. the warrant calling the meeting was read.* The polls were then declared to be open for the purposes expressed in said warrant.

"At —— o'clock P. M. the polls were closed; and all the ballots given in having been sorted and counted by the Warden and Inspectors, the result was declared in open Ward-meeting; the ballots were then deposited in an envelope and sealed, and the blank returns filled up and signed for transmission to the City Clerk.

"Result of the ballot as declared, was as follows: —

"For ——— ——— as ——— ——— Votes.

"The meeting was then, on motion, dissolved."

——— ——— Clerk.

Note: — The declaration of the result of the election, the sealing up of the votes, and the signing of the returns by all the ward officers, must take place before the meeting is dissolved.

The number of votes must be written out in words, not figures.

The Warden will forthwith transmit to the City Clerk the voting lists and the sealed envelope, containing the ballots, by the Constable in attendance, or by some ward officer other than the Clerk.

The Clerk must deliver the returns in person to the City Clerk forthwith.

* If any vacancies in the Ward offices are filled, insert the doings in relation to filling them as follows: —

"After reading the warrant the polls were opened for the choice of a pro tem.

"Whole number of votes given in as follows: —

"For , who was declared elected to the office of pro tem. and being present was sworn, and entered upon the discharge of the duties of said office."

PREFACE.

The seventh number of the Chelsea Directory is now presented to the public for their patronage and support. The information has been procured and arranged with much care, and with an earnest solicitude to meet the wants of the citizens of Chelsea.

It will be observed that we have changed the style and size of the book, which we doubt not will be found an improvement on former editions.

We tender our thanks to those business firms who have furnished their Cards and Advertisements for insertion in our Business List. We trust they will find it mutually beneficial.

The following table shows the number of changes and additions since the publication of our last Directory in 1861: —

CHELSEA'S RECORD OF THE REBELLION.

The subscriber proposes to publish, at the close of the Rebellion, a full and accurate record of what Chelsea has done for its suppression, — to embrace a full list of all the men she has furnished for the Army and Navy, noting carefully all casualties, promotions, etc. — giving brief sketches of the lives of those who have fallen, and such other matter as shall serve to make it a full and correct history of Chelsea's doings in connection with the War from its commencement to its close.

He, therefore, most respectfully requests all persons interested to communicate to him such information, facts, and incidents as may aid him in the accomplishment of this object. Please address him at Chelsea, Mass.

PRACTICAL ROOFING.

The Subscriber having secured the sale of

THOMPSON'S PATENT ELASTIC ROOFING,

Informs the public that he has made arrangements to

APPLY THE SAME TO ROOFS OF ANY DESCRIPTION,

FLAT, PITCHED, DOMES, OR OCTAGONS.

The above Roofing has qualities unlike any other now in use. Purely mineral in its composition, it cannot decay, fire-proof, resists the atmospheric changes, and is perfectly reliable.

Its adaptation is not confined to roofs of buildings alone, but can be applied with great advantage to Rail Cars, both steam and horse, to covering wood-work which is to be placed under ground, to Iron Ships or Iron Roofs to prevent corrosion, all kinds of Bridges, and between floors of Stables. Tin Roofs can be preserved for years by an application of the composition; can be applied direct to shingles, or on the boarding to save shingles; is cheap in price and valuable for use.

The subscriber is aware of the skepticism in the minds of the public with regard to the adoption of any new invention of this kind, especially with those who have used the various kinds of roofing material; but six years' experience of this material is a sufficient guarantee for its superior qualities.

The public are invited to examine for themselves at the store of the subscriber.

N. B. Gravel or Sand is not used in the application of the above Roofing, but finishes smooth and handsome; can be walked on without injury.
